PRINTING AND COATING

Discover the Bingham Flexo Solution

History

Bingham Flexo Services was founded in 1991 by Ed and John Bingham. At Bingham Flexo Services, our reputation and customer relationships have been built on years of hard work and a wealth of knowledge. Knowledge developed by digging in and helping our customers find solutions to their challenges. Our job is to help you do your job more effectively. Our sales and customer service personnel are the most experienced in the industry, each with a diverse background and a passion to be a customer resource.

Specialties and Services

Purchasing (printing presses and auxiliary supplies such as,) cylinders, doctor blades, pumps, cleaning equipment, etc. for your presses and coaters can be a time consuming and challenging task. Sourcing products, finding the best price, and establishing reliable supplier relationships can take years of effort. For many businesses, knowing what will work best, and who to trust, can be a daunting task. Our specialty is finding the right resource - quality, delivery, and price, to fit our customer's needs. Our service does not stop there. We offer anilox, pump and doctor blade audits, banded anilox testing, and pressroom training to help your operation produce a high level of consistent quality.

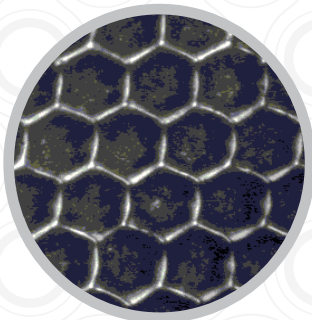

Manufacturing Partners

We have been fortunate to partner with some of the most experienced, and highly regarded manufacturers in the industry. We seek out manufacturing companies who have the same customer focus and values that we believe in. We work closely with them to help them understand what is important to our customers. Our goal is insure that they deliver on the quality and service commitments that our customers expect.

Anilox Rolls

Manufactured By Pamarco

- » ThermoFlo laser engraved ceramic
- » EFlo elongated engravings
- » Channeled engravings
- » Patterned engravings
- » Cylinders and sleeves
- » Mechanically engraved chrome
- » Electronically engraved chrome
- » Anilox roll covers

Viscosity & pH Control

Manufactured By GAMA Systems

- » Viscosity control for solvent inks
- » Viscosity and pH control for water inks
- » Viscosity control for adhesives and coatings
- » Uses vibration technology
- » Accurate to 1%
- » Temperature control
- » Easy to clean
- » Flexo and gravure

Flexo, Digital & Gravure Presses Laminators & Coaters

Manufactured by Uteco

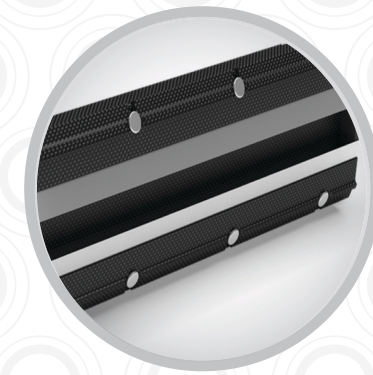

- » Flexographic printing
- » Stack, in-line, and Roto-offset
- » Gravure printing
- » Coating, Laminating, and specialty machines
- » Integrated in-line Technologies
- » Digital printing and EB Technology
- » Service and support

Pumping Systems & Parts Washers

Manufactured by Graymills

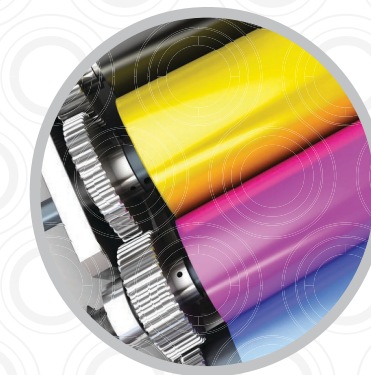

- » Peristaltic pumps
- » Centrifugal pumps
- » Double diaphragm pumps
- » Ink sumps and tanks
- » Filters and magnets
- » Parts cleaning systems

Carbon Fiber Chambers & Doctor Blades

Manufactured by Absolute and Allison

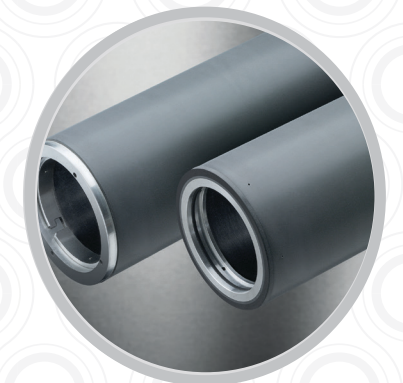

- » Absolute 2G carbon fiber doctor blade
- » Allison Systems extended life tool steel blades
- » Allison Systems blades to minimize score lines
- » Allison Systems stainless steel doctor blades
- » Allison Systems composite, graphite and plastic blades
- » Allison Systems technical blade analysis

Rubber Rolls & Sleeves

BFS Has Multiple Resources To Offer The Best Fit For Your Application

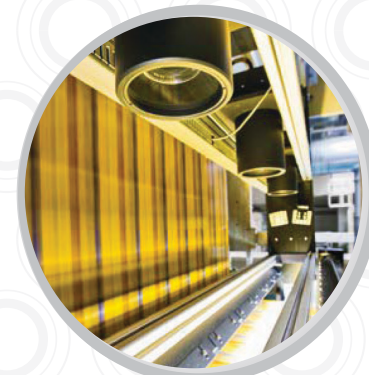

- » Rubber and urethane coverings
- » Metering rolls
- » Applicator rolls
- » Transfer rolls
- » Impression rolls
- » Straight and tapered sleeves
- » Laser engraved rolls and sleeves

Bridge Mandrels

Manufactured By Inometa

- » Pneumatically loaded bridges
- » Hydraulically loaded bridges
- » Filament wound carbon fiber
- » High strength, low weight
- » Increased press speeds
- » Internally engineered
- » Supplier to many OEM's

Total Web Inspection

Manufactured By GrafiKontrol

- » Matrix web viewing and print inspection
- » Linex 100% inspection
- » Progrex 100% inspection and web viewing
- » Easy Tracker waste management
- » Chromalab in-line spectrophotometer
- » CR33-CR34 color register control
- » Printing, rewinding, metalization and extrusion

Anilox Cleaning Equipment

Manufactured By Eaglewood Technologies

- » Sitexco laser anilox cleaners
- » No chemicals or media
- » Multiple cabinet sizes
- » Capable of cleaning up to 4 rolls
- » Single or multiple lasers
- » Sanilox baking soda cleaners
- » In or out of press cleaning
- » Express anilox cleaning service

Plate Mounting Sleeves

Manufactured by Trelleborg

- » Honeycomb interior for lighter weight
- » Dampening layers To reduce bounce
- » Sealed ends for increased durability
- » Patented ceramic cutting guide
- » Optional anti-static surface
